COURSEWORK

POST-GRADUATE

- Distributed Systems
- C Programming
- Theory of Computation
- Database Systems
- Operating Systems
- Computer Networks
- Computer Organization Architecture
- Object Oriented Programming

SKILLS

- Python
- Django
- Git, Jira, Jenkins, Kanban
- AWS
- Javascript
- PHP
- MySQL
- Html, css, scss

EXPERIENCE

Credencys | Software Developer (Mar 2022 - Oct 2022)

- Writing efficient code and implementing functional knowledge and logic.
- Technology I Use
 - For Database – MySQL
 - For Backend Development – Codeigniter, Symfony, Core PHP
 - For Frontend Development – Html, Css, Javascript, jquery, Ajax
 - Tools – Git , Jira , Vscod, Sonar qube, Jenkins

Augtech NextWealth | Application Developer & Integration Engineer

Apr 2021 - March 2022 | Bhilai, C.G.

Technology in use – PYTHON, Django

Roles and responsibilities

- API integration
- Building Bot using staticnode , out put node and Codenode
- Using concepts of AI to train bot
- Writing clean and optimized code

Projects : Made chatbot for government of india (Covid19, Digilocker), Havels and many other overseas clients

Tricolor It Solutions | Software Developer

Apr 2020 - April 2021 | Bhilai, C.G.

Technology in use – Core

PHP, Laravel, Codeigniter

Roles and responsibilities

- API integration , rest API creation
- Backend development
- Mysql

What I can Do

- understanding of front-end technologies, such as JavaScript, JQuery, Ajax, Reactjs, HTML5, and CSS3
- Knowledge of object-oriented PHP programming
- Understanding on MVC Design patterns
- Strong knowledge on PHP web frame works such as Codeigniter, Laravel
- Understanding fundamental design principles behind a scalable application
- User authentication and authorization between multiple systems, servers, and environments
- Integration of multiple data sources and databases into one system
- Familiarity with limitations of PHP as a platform and its workarounds
- Creating database schemas that represent and support business processes
- Familiarity with SQL/MySQL databases and their declarative query languages
- Proficient understanding of code versioning tools, such as Git
- Proficient in building Rest & Web based services in JSON Data format
- Knowledge of agile software development methodologies
- Working experience in Python and Python Frameworks (preferably Django).
- Writing efficient, reusable, testable, and scalable code.

AWARDS

- State rank 5th class board exam
- Won several debate & lectures compt
- Won school level chess competition

MY USP

- I possess excellent debugging and troubleshooting skills
- Knowledge of agile software development methodologies
- Proficient understanding of code versioning tools, such as Git.
- As I have experience working in startups so my logics is pretty good. I have experience of handling more workloads.
- Active coder on programming platforms
- Easy Going Person, Always keeps I can do it sprit
- have good communication skills and able to work in a collaborative environment.
- Passionate about building an innovative culture
- Ability to work in large, collaborative teams to achieve organizational goals
